Wooden cone lampshade

Finish: Neutral

Description

Let yourself be enchanted by this alder lampshade, a creation that embodies craftsmanship and the excellence of design made in Italy. Each piece is handcrafted with special attention to detail, and the grains, unique to each piece, testify to its exclusivity.

The conical shape of the lampshade introduces a subtle elegance into every lamp, becoming a focal point that captures glances. The wood, with its warm natural tone, exudes a sense of authenticity. You can therefore use it as is for a natural look, or, if you prefer, you can customize it with paint, to add that special touch that completes the room and enlivens the environment.

The focused light of this lampshade is ideal for moments when you dedicate yourself to reading or cooking, or simply enjoying a good meal. Its shape channels the light flow in a specific way, providing a clear and targeted light. It is the perfect union of functionality and aesthetics, transforming not only the lit space but the entire environment.

Finally, we know well that all waste is an opportunity: those of wood, once transformed into turning, renew themselves as pellets, contributing to eco-sustainable heating.

Data Sheet

Dimensions:

Diameter: 151 mm

Height: 143 mm

Hole opening: 45 mm

Material: alder wood

Attachment: E27

To maintain the natural beauty of the wood, we recommend cleaning the lampshade with a cloth, avoiding the use of chemicals that could alter its surface.
